Welcome to Rome!

Following please find some keypoints concerning the “other” programme that we organized for making your stay in Rome as much pleasant as possible. It has been not so long from Arkhangelsk therefore we did our best in a very short time. Moreover it is time for lessons and exams in our University and the clinical activity does not know any stop at all!

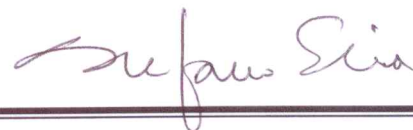

We have chosen a tiny little hotel up in the hills surrounding South East Rome, the so called Castelli Romani area, since it is near to our University and easy to reach from all over destinations.

Please remember that you will be provided with a card to enter both the hotel and your room where you will find a complimentary bottle of water. The bar closes at 10.00 p.m. Breakfast is served at top terrace from 7.00 to 9.30. All transportation will be provided by the hotel and some of us. The only inconvenience will be early awakening on Saturday morning since we will only provide one overall transportation to the airport.

Soon after check in at the hotel we will bring you to one of the most ancient vineyards and caves in the surroundings where you will have a glimpse on the wining process and a taste of local wine and appetizers.

We also managed to organized an “hop on hop off “ tour in Rome. The hotel will provide you with all necessary tickets (train and bus) and you will be able to choose any site in Rome drop down, have a drink, do some shopping and so on, and then drop on the same bus later without paying anything. A girl will accompany you throughout the tour and make sure that all of you will get back to the hotel without any problems.

I hope you will enjoy your stay and bring with you some flavors of ancient Rome!
